10 CENTS PER WEEK.

QUICK WORK

The Grand Jury indicted Jim Spriggs at Once For Murder.

THE OTHERS UNIMPORTANT

The Rufe Neece Hog Stealing Case Is Still On Before Judge Husbands.

SLOW PROGRESS BEING MADE

Circuit court convened this morning with the Rufe Neece hog stealing case still on trial. The witness but seems to be endless and the case has already taken up more than its share of the court's time.

The only indictment of any importance returned by the grand jury in yesterday's report was that against Jim Spriggs, colored, for murder. There were several other indictments returned against prisoners now confined in the county jail but none are of any importance. The grand jury will probably make another report this afternoon.

In the matter of the death of Mary Ashly, who was the committee appointed for Eddie Ashly, idiot, Charles Ashly was appointed.

In the Ramsey vs. Earler case, in which a judgment for \$250 was rendered, Gilbert and Cross and Hendricks and Miller, attorneys, were given a lien on the amount of the judgment for their services as attorneys in the case for the plaintiff.

In the case of James Ferriman against Max Sedheimer, a demurrer to the plaintiff's petition was filed.

In the case of John Donovan, administrator, against Mrs. Kate Harley and others the commissioner filed a report of the assets and liabilities and they were ordered to lay over for three days for exceptions. A judgment ordering the plaintiff to accept \$25 for eight shares in the Pioneer Building and Loan Association in winding up the estate was rendered.

In the case of May Bishop against Will R. Bishop a judgment for the plaintiff, giving her an absolute divorce and restoring her maiden name, May Orme, was filed this morning. This afternoon arguments were being made in the Neece case.

CONFEDERATE REUNION.

ARRANGEMENTS FOR ONE IN KENTON, TENN., OCTOBER 4 AND 5.

Union City, Tenn., Sept. 5.—The Warren McDonald Bivona Confederate Veterans have perfected arrangements for their reunion at Kenton on October 4 and 5, the date being changed from the 8th. H. P. McDaniel was in the chair and Henry Moffett was secretary. P. N. Matlock, J. W. Howard, W. F. Collins, H. T. Fullerton, W. W. Casey and Henry Flowers, were appointed a committee to arrange the programme. G. W. Stainlock, of Memphis, John H. Taylor, of Lexington, and Joe H. Fussell, of Columbia, will be invited to address the people and bivouac on that day. The Sons and Daughters of the Confederacy will also participate in the reunion, which promises to be one of the most enjoyable in the history of the organization.

ALL SETTLED.

JIM HOWARD EXPRESSES REGRET AT STRIKING CALEB POWERS.

Frankfort, Sept. 5.—Caleb Powers, who was struck by Jim Howard in jail here last night with an ink stand in a dispute over the division of the defense fund, is much improved today and in no danger. The men adjusted their differences this morning and Howard expresses regret over his action.

BARN BURNED.

A \$1,500 LOSS SUSTAINED AT LOWES YESTERDAY.

The Sanderson and Gibson tobacco barn burned at Lowes, Graves county, a day or two ago, entailing a loss of \$1,500, with \$1,000 insurance in local companies.

COLUMBIA WINS.

OLD YACHT SELECTED AS THE CUP DEFENDER TODAY.

New York, Sept. 5.—The Columbia, the old yacht, was today selected as the defender to race against the new Shamrock. Betting on the race is now running high.

LOVING CUP.

One Given By Nagel & Meyers to the Gun Club.

It Is To Be Used By the Local Club as a Trophy.—The Terms.

The Paducah Gun club has been presented by Nagel & Meyers, the jewelers, with a handsome loving cup, solid silver lined with gold, with ebony base, which is to be used as a trophy by the club for the membership championship.

It will be shot for at the tournament here the latter part of the month, and the name of the one who wins it will be engraved on the cup, and if he holds it for three successive years, it becomes his property. If he does not hold it, the name of the one who wins it will be engraved on the cup every year. After this year the general average for the year in the practice shoots will be taken as a basis for determining the winner.

The cup will arrive in a few days and be on exhibition at B. Weille's. The trophy, it is thought, will be a great inducement to the members of the club to attend the practice shoots regularly, and improve in their marksmanship, and in this way will be a great benefit to the club.

SENSATIONAL SCENE.

SOUTHERN DELEGATES WALK OUT FROM THE ECUMENICAL CONFERENCE.

London, Sept. 5.—The most striking feature of the Ecumenical Methodist conference, which opened yesterday, was an impassioned plea of the colored Bishop Walters, of Jersey City, who received the heartiest welcome of any of the American delegates. He declared that there was a systematic effort on foot on the part of the white Americans to destroy the good opinion of which the English people had of the American negroes. He recapitulated the lynching figures of the year 1900 and declared that, though ninety negroes were lynched, in only eleven cases had assaults on white women been proved.

"The English people have always been our friends," declared Bishop Walters. "You gave us suffrage and now when we are struggling to improve ourselves, we look to you, our old time friends, to give us sympathy and encouragement, as you did in the past."

The bishop's asseverations on negro morality elicited loud cheers from the English part of the audience, and several of the many southern delegates went out, while others did not conceal their disagreement with the speaker.

IN TROUBLE.

CAPT. FORSYTHE ASKED TO EXPLAIN CONCERNING AN ALLEGED INTERVIEW.

Philadelphia, Sept. 5.—Captain James M. Forsythe, U. S. N., has received a letter from Secretary Long, requesting an explanation of his alleged interview upon the Sampson-Schley controversy, which was accredited to him by a Kansas City newspaper. The interview quotes Captain Forsythe as saying the trouble in the navy circles is due to the fact that Admiral Sampson was promoted over the heads of seventeen capable officers who were his seniors in rank.

Captain Forsythe admitted having received a letter from the navy department, but declined to speak further for publication.

TIE UP.

TWO SMALL TRESTLES BURNED NEAR EARLINGTON LAST NIGHT.

Earlington, Sept. 5.—Two small trestles were burned near here last night, breaking connection between the Crabtree and Carbonate mines and the railroad, causing a tie up at both for lack of coal. This is the first tie up in the mines since the present agitation began. Several shots were exchanged last night between guards and marauders.

M'KINLEY'S SPEECH.

HEARD BY A LARGE CROWD AT BUFFALO TODAY.

Buffalo, Sept. 5.—An immense crowd heard President McKinley speak today at the exposition. The keynote of the address was the wonderful strides, both industrially and commercially, made by America, and advocating further trade and extension.

IS DOING WELL.

Mamie McCawley, colored, who was badly burned day before yesterday by her clothing catching fire, is doing quite well, considering the seriousness of her burns.

AGENT QUILTS

Mr. C. G. Sheppard to Accept a Position Elsewhere.

NO SUCCESSOR YET NAMED

Mr. L. A. Washington Handsomely Remembered By Those Formerly Under Him on the I. C.

TODAY'S NEWS FROM THE ROAD

Mr. C. G. Sheppard, the day I. C. ticket agent here, has resigned his position, effective immediately. Mr. Sheppard is one of the best and most popular ticket sellers ever in the employ of the road here and enjoys the distinction of being the fastest ticket seller on the division, having patented, or rather devised a new arrangement for his tickets by which he was enabled to handle them without any confusion that generally attends a rush, especially on excursion days. He has always been accommodating to the public in answering questions and was also very prompt and attentive in looking up rates. His successor has not yet been named, but Mr. Sheppard will be relieved, if his resignation is accepted, before the week is out. He came here about eight months ago, from North Union, Ind., and since his residence here has made many friends who will regret to learn of his departure. Mr. Sheppard will probably go with an Indiana road, having received a very fine offer several weeks ago.

Supervisor W. C. Waggoner, of Central City, and Chief Clerk E. A. Driscoll, of the Roadmaster's department, of Louisville, formerly chief engineer of the Louisville division of the I. C., but now roadmaster of the Gulf and Ship Island railroad, of Mississippi, with a fine chair last night. The chair was given to Mr. Washington by the employees of the road department and shows their esteem for their former superior officer Mr. Washington, in a clever little speech, expressed his appreciation of the compliment paid him and then departed for Mississippi to resume his duties on the road.

The Illinois Central has settled with the heirs of the late Engineer Joe Dicke for \$5,000. It is said that every claim arising from the wreck in which Engineer Dicke was killed has now been paid. Those here were settled by Hon. W. F. McCauley, claim agent for the Fulton and Cairo districts.

Mr. John L. Harris, who has been chief clerk to Supt. W. S. King, at Fulton, has resigned and goes to Evansville to reside. He is succeeded by Mr. Walter Ellington, who has been an accountant in the office of Supt. King, and is a young man in every way qualified to hold the place.

Mr. H. U. Wallace, Superintendent of the Illinois Central, has been highly complimented for the efficient manner which trains were handled at the Seventh street station in Louisville during the conclave. There was no delay or congestion at the station.

A curious looking piece of machinery is the new inspection engine turned out for the Chicago, Burlington and Quincy railroad. It is a combination of a locomotive and passenger car, the car being set on and around the engine boiler, so that from the windows at sides and front the roadbed can be inspected by the railroad officials to the greatest advantage. It might appear such near proximity to the boiler would mean uncomfortable warmth, but this is avoided by an extra thickness of "plastic lagging," as it is called, a non-conductor of heat, in connection with an air chamber between this and the floor of the car. The machine is lighted with electricity, even to an electric headlight, and ten lights distributed under the engine to afford light when oiling. It will be used constantly on all inspection trips.

Last night engines No. 572 and 573 arrived from the Chicago division of the Illinois Central and are now at the local yards. This makes fourteen of the big new freight engines, so far received here. The regular consignments of engines, running from numbers 540 to 574 and making the total number 34 engines, will go to the Tennessee division. They are much larger than the first consignments, which was received about three years ago and the engines running from No. 1 to 63 and can haul over 300 tons more than the first consignments.

The expense of running them is no greater than that of the smaller engines and the train tonnage can be

TO THE GOOD.

The Labor Unions Come Out Ahead in the Celebration.

Tonight the Central Union Meets to Wind Up the Labor Day Affairs.

The Central Labor body meets tonight to consider several matters of importance. The finances of the recent Labor day celebration will be adjusted and it will be found, no doubt that the unions have come out with quite a neat sum to the good.

The celebration was a success in every way, and tonight all business connected with it will probably be wound up.

Another important thing that will come up will be the time for crowning of the Goddess of Labor, to which place Miss Nellie Farrow was elected. At present it is not known when this important event will occur, but tonight the Central union will decide it, and the function promises to be one of the most important of the year.

CHAIN STRIKE ENDED.

COMPANY SIGNS THE SCALE AND MEN RETURN TO WORK.

Pittsburg, Sept. 5.—The Nicholson Chain Company at Hawkins, Pa., has signed the scale and the striking employees went back to work. The other departments have been working right along.

MR. SIMMONS HERE TODAY.

Hints That He May Be Manager at Grand Rivers.

If He Is He Will Build a Fine Residence There At Once.

Mr. E. H. Simmons, of the firm of Simmons Hardware company, of St. Louis, was in the city this morning en route to Grand Rivers on business. Mr. Simmons left for that place at noon and before his departure was seen by a reporter and questioned as to the progress of the work on the iron furnaces in which his firm is a big stockholder. "The work," he said, "is progressing rapidly but as to the exact time everything will be ready is a question that is hard to answer. The work is being pushed but does not seem to move as fast as we would like to have it move."

When asked about his being the manager of the plant when completed, said, "I do not know what they will do about the management but I suppose I have as good a show as any one and if I am installed there as such will build me a fine residence there."

The business he is now on is nothing more than a regular inspection of the work.

TO THE GOOD.

The Labor Unions Come Out Ahead in the Celebration.

Tonight the Central Union Meets to Wind Up the Labor Day Affairs.

The Central Labor body meets tonight to consider several matters of importance. The finances of the recent Labor day celebration will be adjusted and it will be found, no doubt that the unions have come out with quite a neat sum to the good.

The celebration was a success in every way, and tonight all business connected with it will probably be wound up.

Another important thing that will come up will be the time for crowning of the Goddess of Labor, to which place Miss Nellie Farrow was elected. At present it is not known when this important event will occur, but tonight the Central union will decide it, and the function promises to be one of the most important of the year.

WIFE OF OFFICER

DETAINED ON THE CHARGE OF BEING INSANE.

Washington, Sept. 5.—Sanitary Officer Frank has signed an order for the temporary confinement of Mrs. Catherine A. Babcock, widow of the late Gen. Babcock, who was chief of staff for Gen. Grant, in the St. Elizabeth's hospital for the insane. The confinement is to continue only until the supreme court of the district can inquire into Mrs. Babcock's mental condition.

WELL KNOWN HERE.

BRILLIANT MARRIAGE AT MEMPHIS LAST EVENING.

The marriage of Miss Nannye Mai Morris, of Memphis, Tenn., to Mr. Joseph Weinberg, of Greenville, Miss., at the Memphis club house, at 8:30 o'clock on last evening, was quite a swell and elaborate affair. The ballroom of the club house was a scene of tropical beauty, so lavish were the floral decorations. Here the ceremony was performed under a canopy of flowers, smilax and fern. The wedding march was played by an orchestra. The bride wore a handsome wedding gown of duchesse satin, trimmed with duchesse and pointed lace. After the ceremony and congratulations, a sumptuous wedding feast was served in the ballroom of the club, and many sparkling toasts were given.

Miss Morris is quite a charming young woman, a popular debutant of last season. She is a cousin of Mr. Theodore Klein of the city, and has visited her relative here. Mr. Klein is among the out-of-town guests who were in attendance upon the function.

SETTLEMENT SOON.

FURTHER BREAKS IN THE RANKS OF STRIKERS TODAY.

Pittsburg, Sept. 5.—There were further breaks in the ranks of the strikers today, and several hundred returned to work in the McKeesport plants. An early settlement of the strike now seems probable.

RUNAWAY BOYS.

BELIEVED TO BE WANTED IN NASHVILLE, BUT THE WRONG ONES.

Officer Tom Orr arrested two boys, about 18 and 16 years of age, at the I. C. depot today at noon and brought them to the city hall for an investigation. Today the authorities here received a telegram from Nashville asking for the arrest of two boys, giving names and description, and the boys answered the description. They gave the names of Henry Wall and Malcolm McClelland, of Nashville, and admitted that they had run away from home, but denied that they were the boys wanted. Marshal Collins released them and told them to leave the city, which they said they would do at the first opportunity. They will leave tonight for St. Louis to "see a little of the world."

KILLING OF A PEACEMAKER.

Middleboro, Sept. 5.—Dick Young, a youth who was acting as peacemaker, was shot and killed in a pistol duel at Stonegap, Va., between John Franklin and Sam Laine.

QUITE FUNNY

Lee Walters Sues Sheriff I. H. Rogers For \$10,000 Damages.

The Only Man Who Can Legally Serve Them is Very Ill, and a Confirmed Invalid.

QUITE FUNNY

Lee Walters Sues Sheriff I. H. Rogers For \$10,000 Damages.

PAPERS CAN'T BE SERVED

The Only Man Who Can Legally Serve Them is Very Ill, and a Confirmed Invalid.

FOR ALLEGED FALSE ARREST

Lee Walters, of the Maxon's mill section of the county, has filed suit in the circuit court here against Sheriff I. H. Rogers for \$10,000 damages for alleged false arrest.

Walters was mixed up in the Tex Sprague case, and is the man Sprague is alleged to have shot at near Little Cypress, Marshall county. After Sprague had been convicted of shooting into Walter's house, a man named Foley claimed that he was hired by Walters to do the shooting, so suspicion would be directed against Sprague, and a warrant was sworn out against Walters for swearing falsely in the case.

He was arrested here and gave bond, and when tried at Benton was acquitted. He now sues for the damages to his reputation.

Sheriff Rogers smiled knowingly this morning when asked about the suit. "There have been no papers served on me," he said, "and I hardly think there will be for some time. There is no one to serve them, you know, for the coroner is the only man in the county who can do it, and he has been laid up for several months, and may never get out again."

"I understand the case against me will be dismissed, anyhow, for I did nothing but my duty, which was to serve the warrant. I heard that Walters was going to sue the lawyer who got out the warrant Mr. Will Bradshaw, but as it was taken out in the name of the commonwealth, I suppose the commonwealth will have to be sued."

The suit against Sheriff Rogers reveals an unprecedented state of affairs. There is only one man in the county authorized to serve a process, warrant or other legal papers on the sheriff, and that man is the coroner.

Coroner George Phelps who is a confirmed invalid, has been confined to his bed for several months, and there is no chance of an early recovery. In fact the coroner's many friends will regret to learn that he may never recover. In the meantime while the suit has been filed, against the sheriff, and he knows it is there, it will never amount to anything unless the papers are served on him, and there is no prospect that they will be perhaps for many months.

KILLING OF A PEACEMAKER.

Middleboro, Sept. 5.—Dick Young, a youth who was acting as peacemaker, was shot and killed in a pistol duel at Stonegap, Va., between John Franklin and Sam Laine.

NEW CLUB.

Mr. Sam Jackson Reorganizes the Local Baseball Team.

Will Have a First Class Nine For the Remainder of the Season.

The local baseball enthusiasts met in the office of the Jackson Foundry and Machine company last night and reorganized the local baseball club.

Mr. Walter Wilkins, who had heretofore been the manager of the team, having given it up, Mr. Sam Jackson took charge and completely reorganized with several new players of St. Louis and Louisville. The new players will make this city their home and will play with the local team the remainder of this season staying through the winter and playing here next season also. Mr. Jackson intends to have a good team or none at all and says he will require the men to practice at least three times per week. This season the local team did not practicing whatever and to this one fault is attributed the several defeats they have met with.

Games with the Dekoven, Caseyville, Cairo and Central City teams will be immediately arranged and played before the season is out. The game with the Central City boys Monday was played with what is known as a "scrub" nine, only about three of the regular team players participating in the game, and the game was not a fair specimen of what the Paducah baseball players can do. The Cairo boys will perhaps be given choice of the first game and will have to play good ball indeed to keep up with their former playing with the local team.

Greater things are now expected of the local team and it looks like Paducah will again stand high, as in former years, in baseball circles, as well as in the commercial and manufacturing line.

ON TRIAL.

CASE AGAINST FERGUSON AND TAYLOR AT ME-TROPOLIS.

Metropolis, Ill., Sept. 5.—The case against Clem Ferguson and Leslie Taylor, charged with the murder of Marshal Gus Crouch, at Metropolis, was called in the circuit court at Metropolis yesterday and the work of impugning a jury begun.

Both defendants are in court interested listeners to the work of securing jurors. Members of their families are with them and will remain in the city during the trial.

Attorneys Young, Courtney and Helm are representing the people and Major Moss, R. T. Lightfoot, of Paducah, and S. B. Kerr, of this city, are representing the defendants.

Monday Wm. Weineke entered a plea of guilt in the charge of incest and will be sent to the penitentiary. A nolle was entered in the accompanying case against Weineke's niece, Louisa Deihm, on the grounds of absolute ignorance. Walter White was found guilty of larceny and will take a free trip. Chas. May plead guilty to a second charge of forgery and will go to the state reformatory. Emma Crossland was found guilty of petit larceny.

TO BE EXPELLED.

TURKISH AGENTS TO BE FIRED BY THE FRENCH.

Paris, Sept. 5.—The correspondent of the Associated Press here learns that the French government has decided upon the first coercive measure against the Sultan of Turkey. A decree has been drawn up, and will probably be signed tomorrow, expelling a number of Turkish agents, whose mission has been to spy on the young Turks in France. The list includes several names well known in Parisian society. It is also learned that the Sultan has telegraphed to Munir Bey recalling him to Constantinople.

The Temps says it is thought in diplomatic circles that the Sultan will profit by the fortnight's respite accorded him by the Czar's visit to France.

FIRE ALARM SYSTEM.

MAYFIELD TO CLOSE A CONTRACT FOR ONE TUESDAY.

Mr. Webb Chandlee, the representative of the Galloway Fire Alarm Co., of New York, arrived in the city today at noon from Mayfield, where he will close a contract Tuesday with that city for a new and complete fire alarm system. Mr. Chandlee is the man who put in the fire alarm system here fourteen years ago and the system has always given the very best of service. He will return to Mayfield Tuesday and when the contract is closed will begin work on the system immediately.

Extremists are those whose views are diametrically opposed to ours.—September "New" Lippincott.

ALMOST STARVED

A Legless Man Found Near the Jackson Foundry Last Night.

THOUGHT HE WILL RECOVER

He Had Been Sent Here By Cairo—Now in the City Hospital, Very Ill.

NO FOOD FOR THREE DAYS

William Germaree, a man of Louisville who has had the misfortune to lose both feet in a railroad accident, and goes about the country from place to place begging, is in the city hospital here in a precarious condition. He was found last night under an old boiler near the Jackson foundry, on the river front, half starved and nearly dead from the effects of whiskey. He had apparently made that his headquarters there for several days, and claimed to have had nothing to eat for three days.

City Physician Sanders was called and after making an examination of the afflicted, and nearly famished stranger, ordered him to the city hospital, and he was taken there last night.

The discovery of Germaree reveals quite an unusual state of affairs. He was in the city several days ago, without money or friends, and Mayor

Lang gave him transportation to Cairo. When the boat landed there and the authorities learned that he had been sent from Paducah, they promptly sent him back by the first boat, and he had been lying on the river bank without food or attention ever since.

He appears to be 35 or 40 years old and his recovery is doubtful.

ALL ACQUITTED.

Mayfield's Arson Sensation Fell Through Today.

There Was No Evidence Against the Three Men Charged With the Offense.

The arson case against Messrs. J. K. Long, Henry Seck and Henry Carmen, of Mayfield, who were charged with having set fire to the Graves county bank, of that place, were acquitted at Mayfield this morning.

All the witnesses were summoned yesterday and in the afternoon the case was first taken up. It was continued over until this morning and there being no incriminating evidence the accused were cleared on the charge and released from their bonds. Not a witness gave any testimony that would in any way reflect on them.

Mr. Seck arrived in Paducah at noon and Mr. Long and his brother passed through on the same train en route to Madisonville. The case created much comment in Mayfield and there were many tales afloat regarding the case. Carmen left Mayfield this morning for parts unknown, according to Seck's story.
